

# TARONG WEST WIND FARM

## Newsletter 13

In planning for Australia's clean energy future, RES acknowledges its rich history. We pay our respects to the Auburn Hawkwood People Aboriginal Coporation and the Wakka Wakka Native Title Aboriginal Corporation as the Registered Native Title Body Corporates of the Country on which the Tarong West Wind Farm is proposed.

## Project Summary

The Tarong West Wind Farm (the Project) is located within the South Burnett Regional Council local government area approximately 30 kilometres (km) west of Kingaroy and 8 km north-west of Kumbia.

If developed, the 97 turbine wind farm will deliver significant local benefits within the proposed Southern Queensland Renewable Energy Zone (Southern QREZ), through local employment opportunities and community benefit programs.

## Indicative timeline and next steps

## Project Update - July 2024

### Development Approval Granted

RES is pleased to announce that the Development Application for the Project submitted to the Queensland Government State Assessment and Referral Agency (SARA) was approved on 25 July 2024.

### Recent Sponsorships

Recently RES has sponsored several projects and initiatives across the local region. These include:

- Kingaroy State High School H2GP team's upcoming trip to the USA;
- the Ironpot Hall kitchen facilities renovation;
- the re-stumping of the Kumbia Hall; and
- Kumbia Kindergarten restoration project.

We're proud to help support the greater community within which the Tarong West Wind Farm will be located.

### Upcoming Information Sessions

We will be holding further information sessions for the Project in the coming months. Further details will be shared when available.
